**PEW PATER**

~with Betty Roa

... take heed all ye pew people. . . by the time a man is wise enough to watch his step, he's too old to go anywhere . . .

... our prayers go out to Richard Anderson who is home recuperating from pneumonia. . . good news, bad news. . . Cheryl Hall does not have an aneurism as previously diagnosed by the Drs., however, they have determined that scar tissue from previous surgeries is causing the headaches . . . what to do? . . . pain management . . . Nancy Taylor is spending a week with Mom, Norma Walker . . . Norma had recent eye surgery and is still under the care of the Dr. . . .

... a young boy had just received his driver's permit and he asked his father if they could discuss his use of the car . . . Son, you bring your grades up from a C to a B average, study your Bible a little, get your hair cut and we'll talk car." . . . the boy decided to settle for the offer and after 6 weeks his father told the boy he was proud of his grades and studying the Bible, but he was very disappointed that he hadn't got his hair cut . . . the boy paused for a minute and he said, "You know, Dad, I've been thinking about that, and I've noticed in my studies of the Bible that Samson had long hair, John the Baptist had long hair, Moses had long hair and there's even a strong argument that Jesus had long hair." . . . his father looked at him for a moment and replied, "Did you also notice that they all walked everywhere they went?" . . .

... uffda . . . hang on to any of the new Minnesota Quarters you may acquire, they may be worth MUCH MORE than 25 cents! . . . this action is taken after numerous reports that the new quarters will not work in parking meters, toll booths, vending machines, pay phones or any other coin-operated devices . . . the problem lies in the unique makeup of the Minnesota quarter, which was designed by a couple of Norwegian specialists, Sven and Ole. Apparently the duct tape holding the two dimes and the nickel together keeps jamming up the machines . . .

... a young pastor was asked to give a talk on the subject of "How to Get to Heaven". . . the meeting was to be held in the auditorium of a church located in an area that was not familiar to the pastor. . . after several unsuccessful attempts to locate the building, he stopped to ask 2 boys if they could tell him where the auditorium was . . . "Well", said one boy, "what are you gonna do there?". . . The pastor told them he was giving a talk on How to Get to Heaven. . . the 2 boys looked at the pastor and one of them replied, "Well, if you can't even find the auditorium, how you gonna tell those people how to get to heaven?" . . . last night my adult kids and I were in the living room and I commented that I never want to live in a vegetative state, dependent on some machine and fluids from a bottle . . . if that ever happens, pull the plug . . . so my kids got up, unplugged the computer and threw out my wine . . . so much for their inheritance! . . .

... they are 40 years old, all friends for many years . . . they decide to eat at Luigi's because they like the cute little waitresses . . . 10 years later at the age of 50, they decided to eat at Luigi's because the food is good and the wine selection is excellent . . . 10 more years go by and now at 60 they choose Luigi's because it is quiet and peaceful and smoke free . . . now they are all 70 years old and again at Luigi's because it was wheel chair accessible and there was even an elevator. . . 10 years later they again decide to go to Luigi's since they had never been there before! . . . and time marches on . . . peace . . .
